

OCCUPATIONAL SAFETY AND HEALTH POLICY

Central Industrial Corporation Berhad is committed to providing a safe workplace for all employees.

We will:

1. Comply with Occupational Safety and Health Act, Factory and Machinery Act, and other relevant regulations
2. Ensure all employees are regularly trained through on-the-job safety training
3. Ensure all equipment and machines are in good and safe working condition
4. Investigate, review risk assessment and safe operating procedures of any industrial accident to prevent future recurrence
5. Provide appropriate personal protective equipment to employees
6. Disseminate and promote safety and health-related information to employees
7. Review safety and health performance periodically for continuous improvement
